Eligibility Requirements

- ✓ Company registered in Luxembourg or Greater Region
- ✓ 1-250 employees (SME classification)
- ✓ Valid Fit4Cybersecurity assessment (score ≥65% (≥80% for Cyber Assurance))
- ✓ Mixvoip customer (preferred) or standalone policy
- ✓ No previous unresolved cyber incidents

Technical Emergency Response

When a cyber incident occurs, every minute counts. Our 24/7 technical emergency response team is ready to help you contain, investigate, and recover from any cyber threat.

24/7 IT Assistance

- ✓ Immediate incident response hotline
- ✓ Remote technical support
- ✓ On-site assistance when needed
- ✓ System isolation and containment

Forensic Analysis

- ✓ Digital evidence collection
- ✓ Attack vector identification
- ✓ Malware analysis
- ✓ Detailed incident reports

EXAMPLE SCENARIO

Situation: A Luxembourg accounting firm discovers ransomware has encrypted all client files on a Friday evening.

Response: Within 30 minutes of calling the emergency hotline, a Mixvoip incident response team begins remote analysis. By Saturday morning, the attack vector is identified, systems are isolated, and recovery from backups begins. The firm is fully operational by Monday.

Legal s Regulatory Support

Navigate the complex legal landscape of data breaches with expert guidance. We help you meet regulatory obligations and defend against liability claims.

GDPR s CNPD Compliance

Under GDPR, data breaches must be reported to the CNPD (Commission Nationale pour la Protection des Données) within 72 hours. Our legal team ensures you meet all notification requirements.

What's Covered

- ✓ Legal consultation fees
- ✓ Regulatory notification assistance
- ✓ Defense against sanctions
- ✓ Third-party liability claims
- ✓ Customer notification costs (up to C10,000)

EXAMPLESCENARIO

Business Interruption s System Damage

When cyber incidents disrupt your operations, the financial impact can be devastating. Our coverage helps you recover lost revenue and restore your systems quickly.

Lost Revenue Coverage

We compensate for income lost during system downtime, calculated based on your average daily revenue. Coverage begins after a 12-hour waiting period and continues for up to 30 days.

System Restoration

- ✓ Hardware replacement costs
- ✓ Software reinstallation
- ✓ Data recovery services
- ✓ Cloud migration assistance
- ✓ Backup restoration
- ✓ Security hardening

Cybercrime s Fraud Protection

From wire transfer fraud to phone system hacking, cybercriminals use sophisticated techniques to steal from businesses. Our coverage protects against financial losses from various forms of cyber fraud.

Wire Transfer Fraud (CEO Fraud)

Business Email Compromise (BEC) attacks trick employees into transferring funds to criminal accounts. Coverage includes losses from fraudulent wire transfers.

Identity Theft s Impersonation

When criminals impersonate your company or executives to defraud customers or partners, we cover investigation costs and liability claims.

Phone System Hacking (Toll Fraud)

VoIP and PBX systems can be compromised to make expensive international calls. Coverage includes fraudulent call charges.

Additional Coverage

- ✓ Payment Card Fraud - PCI-DSS fines and card replacement costs
- ✓ Credential Theft - Account takeover and unauthorized access
- ✓ Phishing Losses - Financial losses from phishing attacks
- ✓ Vendor Fraud - Fake invoice and supplier scams

EXAMPLESCENARIO

Situation: AnemployeereceivesanurgentemailappearingtobefromtheCEOrequestingaC45,000wiretransfer.Theemailis spoofed and the money goes to criminals.
Response: Mixvoip'sfraudteamworkswithbankstoattemptfundrecovery.C12,000isrecovered,andtheremainingC33,000 loss is covered by the policy.

Prevention s Training

The best cyber defense starts with prevention. Mixvoip Cyber Assistance includes proactive security measures and employee training to reduce your risk profile.

Fit4Cybersecurity Assessment

All policyholders receive a comprehensive Fit4Cybersecurity assessment, developed in partnership with Luxembourg's Ministry of the Economy. This evaluation identifies vulnerabilities and provides actionable recommendations.

Assessment Includes

- ✓ Security posture evaluation
- ✓ Risk identification
- ✓ Compliance gap analysis
- ✓ Prioritized recommendations

Employee Training

- ✓ Phishing awareness
- ✓ Password best practices
- ✓ Social engineering defense
- ✓ Incident reporting procedures

Continuous Improvement

Policyholders who improve their Fit4Cybersecurity score receive premium discounts. Annual reassessments ensure your security measures evolve with the threat landscape.

Coverage Limits s Pricing

Choose the plan that fits your business needs. All plans include 24/7 emergency support and Fit4Cybersecurity assessment.

Coverage	Basic	Pro	Enterprise
Annual Aggregate Limit	C50,000	€100,000	C250,000
Technical Emergency Response	C15,000	C40,000	C75,000
Legal & Regulatory	C10,000	C30,000	C50,000
Business Interruption	C15,000	C50,000	C75,000
Cyber Extortion	C10,000	C30,000	C50,000
